

HookED Hexagon Template

Refer: http://pamhook.com/wiki/SOLO_Hexagons

Instructions for use

Ask students to:

- **brainstorm** everything they know about a given topic (presented as a focus question), and record each idea or thought on a separate blank hexagon.
- **make connections** between individual hexagons by looking for reasons to make straight edge connections (tessellating the hexagons). Students should explain orally or by annotation why they have made the connection.
- **explore** the node where three hexagons share a corner (or simply look at a cluster of hexagons) and make a generalisation about the nature of the connected ideas.

Add content to hexagons using the HookED Hexagon Generator at <http://pamhook.com/solo-apps/hexagon-generator/> or use the attached template.
