Teacher Alert

The videos and posters listed are intended for a high school audience. Included texts are listed for the purposes of critical analysis of texts from real life incidents, and are NOT intended to invoke shock or fear in students; or to portray a 'normalised' view that young people's behaviour is usually negative, inappropriate or irresponsible.

Please be aware that the contents of some of these texts involve incidents on the rail network which caused serious injury or death. It is possible there will be students in your class with first-hand experience of such issues, and discretion is advised. It is recommended that students' individual circumstances are taken into account wherever possible.
